

# BHD GOES BANG

*The remains of the piston and connecting rod*

Simon Taylor and Robin Parker thank all those members of Chester Motor Club who offered to assist at Shelsley Walsh on July 25th.

Sadly David's Spider had piston failure at Shelsley Walsh and James Parker's BHD suffered a similar disaster at Harewood which caused extensive damage to both their engines.

It is hoped that the damage will soon be repaired and the event rescheduled, Possibly in 2012

*The BHD in Happier Times  
At the 2010 Lady Mary Grosvenor Centenary Celebrations*
